An act to amend Section 135 of the Code of Civil Procedure, to amend Sections 30029.05, 30061, 70602.6, 70616, 70617, 70657, and 70677 of the Government Code, to amend Sections 1230, 1231, 1232, 1233.1, 1233.3, 1233.5, 1233.6, 1233.61, 1233.9, 1233.10, 1369.1, 1370, 6402, and 13602.1 of, to amend and repeal Section 13602 of, to amend, repeal, and add Sections 13600, 13601, and 13603 of, to add 1370.6 to, to repeal Sections 1233, 1233.15, and 1233.2 of, and to repeal and add Section 1233.4 of, the Penal Code, to add Section 42008.8 to the Vehicle Code, to amend Sections 4117 and 4143 of, and to add Sections 3313, 4023.6, 4023.7, and 4023.8 to, the Welfare and Institutions Code, to amend the Budget Act of 2014 (Chapter 25 of the Statutes of 2014) by amending Item 0250-101-3259 of, and to add Item 5227-491 to, Section 2.00 of that act, relating to public safety, and making an appropriation therefor, to take effect immediately, bill related to the budget.

LEGISLATIVE COUNSEL'S DIGEST

AB 112, as amended, Committee on Budget. ~~Budget Act of 2015.~~
Public safety.

(1) Existing law establishes the Department of the California Highway Patrol, which is under the control of a civil executive officer, known as the Commissioner of the California Highway Patrol. Under

existing law, the commissioner is required to, among other things, enforce all laws regulating the operation of vehicles and the use of the highways, except as provided.

This bill would require, on or before January 1, 2016, the department to develop a plan for implementing a body-worn camera pilot program. The bill would require that plan to examine, among other things, the minimum specifications for body-worn cameras to be utilized in a body-worn camera program, best practices for officer review of recorded body-worn camera data, and best practices for sharing recorded body-worn camera data internally and externally.

(2) Existing law designates official state holidays, including Native American Day. Existing law makes those state holidays, with certain exceptions, judicial holidays.

This bill would additionally exclude Native American Day from the list of judicial holidays.

(3) Existing law establishes in the State Treasury the Local Revenue Fund 2011, a continuously appropriated fund, and requires that its funds be allocated exclusively for public safety services, as defined. Existing law creates the Enhancing Law Enforcement Activities Subaccount in that fund and further creates the Enhancing Law Enforcement Activities Growth Special Account in that subaccount.

Existing law requires each county to establish in the county treasury various corresponding subaccounts and special accounts for the receipt of funds allocated to a county for specified local law enforcement purposes.

Existing law allocates specified funds on August 25 of each year from the Enhancing Law Enforcement Activities Growth Special Account to the corresponding subaccount at the county level, including the following: 27.08% for purposes that include jail construction and operation and criminal prosecution; 27.08% to implement multiagency juvenile justice plans; and 7.44% to counties that operate juvenile camps and ranches, based on the number of beds in each camp. Existing law allocates these funds to counties pursuant to a schedule provided by the Department of Finance for these purposes.

This bill would delete the requirement that the funds be allocated on August 25 of each year and would make other technical changes.

(4) Existing law establishes in each county treasury a Supplemental Law Enforcement Services Account (SLESA) and requires the county auditor to allocate moneys in the SLESA in a prescribed manner to counties and cities located within the county for the purpose of funding

specified public safety programs. Existing law requires a local agency that receives SLESA moneys to expend or encumber those moneys no later than June 30 of the fiscal year following receipt. Existing law requires a local agency that does not meet that requirement to remit unspent SLESA moneys for deposit in the County Enhancing Law Enforcement Activities Subaccount.

This bill would, beginning July 1, 2015, eliminate the deadline for a local agency to expend or encumber SLESA moneys. This bill would require the county auditor to redirect unspent SLESA moneys that were remitted after July 1, 2012, to the County Enhancing Law Enforcement Activities Subaccount to the agency that remitted the moneys, as specified.

(5) Existing law, until July 1, 2015, imposes a supplemental fee of \$40 for filing first papers in certain civil proceedings, subject to reduction if the amount of the General Fund appropriation to the Trial Court Trust Fund is decreased from the amount appropriated in the 2013–14 fiscal year.

This bill would extend the operation of the supplemental fee until July 1, 2018.

(6) Existing law, until July 1, 2015, requires a \$1,000 fee to be paid on behalf of all plaintiffs, and by each defendant, intervenor, respondent, or adverse party to a civil action that is designated or determined to be a complex case. On and after July 1, 2015, existing law requires a fee of \$550 to be paid under those circumstances. Existing law, until July 1, 2015, imposes a limitation of \$18,000 on the total amount of complex fees collected from all defendants, intervenors, respondents, or other adverse parties appearing in a complex case. On and after July 1, 2015, existing law imposes a limitation of \$10,000 on the amount of the fee required to be paid in those circumstances.

This bill would extend the operation of the \$1,000 complex case fee and the \$18,000 total fee limitation to July 1, 2018, thereby extending that higher fee rate and limitation by 3 years.

(7) Under existing law, the uniform fee for filing any specified motion, application, order to show cause, or any other paper requiring a hearing subsequent to the first paper is \$60 until July 1, 2015, at which time that fee is reduced to \$40.

This bill would extend the operation of the \$60 filing fee to July 1, 2018, thereby extending that higher fee by 3 years.

(8) Existing law, the California Community Corrections Performance Incentives Act of 2009, authorizes each county to establish a Community

Corrections Performance Incentives Fund, and authorizes the state to annually allocate moneys into a State Community Corrections Performance Incentives Fund to be used for specified purposes relating to improving local probation supervision practices and capacities. Existing law requires the Director of Finance, in consultation with specified other entities, to calculate a baseline probation failure rate, which is the average number of adult felony probationers sent to state prison during the 2006 to 2008 calendar years, as a percentage of the weighted average of the population of adult felony probationers during the same period. Existing law requires the Director of Finance, in consultation with those entities, to calculate, on a yearly basis, a statewide probation failure rate, and a probation rate for each county, based on the percentage of adult felony probationers sent to state prison or to a county jail as a percentage of the average statewide or county adult felony probation population, respectively, as specified. Existing law requires the Director of Finance, in consultation with those entities, to estimate the number of adult felony probationers each county successfully prevented from being incarcerated, based on each county's probation failure rate and the county's baseline probation failure rate, taking into account specified changes in each county's adult felony probation caseload, as specified.

This bill would recast those requirements to eliminate the requirement that the director calculate a baseline probation failure rate. The bill would require the director to calculate the statewide probation failure rate and the probation failure rate for a county based only on the total number of adult felony probationers sent to state prison. The bill would require the director to estimate the number of adult felony probationers, felons on mandatory supervision, and felons on postrelease community supervision successfully prevented from being incarcerated in state prison, based only on a county's probation failure rate, mandatory supervision failure rate, and postrelease community supervision failure rate. The bill would also require the director to calculate a combined statewide return to prison rate and a combined individual county return to prison rate, as specified.

(9) Existing law requires the Director of Finance, in consultation with specified other entities, to develop a revised formula for performance incentive funding related to the act that takes into account changes to the eligibility of some felony probationers for revocation to the state prison that results from implementation of the 2011 Public Safety Realignment, for the purpose of providing incentive funding for

a county probation department that is successful in reducing postrelease community supervision and mandatory supervision failure rates. Existing law requires the director and those entities to calculate a probation failure reduction incentive payment under a tier-based system based on a county's probation failure rate, as specified.

This bill would eliminate the tier-based system described above and would recast the calculation of the probation failure reduction incentive payment as a statewide performance payment that is calculated as a specified percentage of the highest year of funding that a county received from the California Community Corrections Performance Incentives Grant Program from the 2011–12 fiscal year to the 2014–15 fiscal year, inclusive. The bill would provide that the percentage used to calculate the statewide performance incentive payment for a county shall be based on that county's return to prison rate, as specified.

(10) Existing law requires the Director of Finance, in consultation with specified other entities, to calculate a high performance grant payment, as specified, for the purpose of providing performance-based funding for a county that demonstrates a high success rate with reducing recidivism among adult felony probationers.

This bill would eliminate the high performance grant payment described above, and would instead require the director to calculate a yearly county performance incentive payment that is based on the estimated number of felons on probation, subject to mandatory supervision, and subject to postrelease community supervision that were successfully prevented from being incarcerated in state prison, multiplied by 35% of the cost to incarcerate a felony prison offender in a contract prison facility.

(11) Existing law requires the Department of Finance to distribute the moneys remaining in the State Community Corrections Performance Incentives Fund after the calculation and award of the probation failure reduction incentive payments and high performance grant payments described above to qualifying counties.

This bill would eliminate the requirement of distribution of those moneys, and instead require the Department of Finance to increase to a total of no more than \$200,000 the award of a county's statewide performance incentive payment and county performance incentive payment if that county's payment totals less than \$200,000. The bill would further require the Department of Finance to adjust the award amount, up to \$200,000 per county, to counties that did not receive a statewide performance incentive payment and county performance

incentive payment. By increasing the amount of funds that a county may receive from the continuously appropriated State Community Corrections Performance Incentives Fund, the bill would make an appropriation. The bill would require counties to provide specified information to the Judicial Council in order to receive these increases in award amounts.

(12) Existing law requires the Administrative Office of the Courts, in consultation with specified other entities, to provide a quarterly statistical report to the Department of Finance that includes specified information, including the number of felons who had their postrelease community supervision revoked and were sent to a county jail for that revocation.

This bill would instead require the Judicial Council to provide the quarterly statistical information. The bill would provide that the information related to felons on postrelease community supervision who had their postrelease community supervision revoked and were sent to a county jail shall not include felons who are subject to flash incarceration, as specified.

(13) Existing law authorizes each county to establish a Community Corrections Performance Incentives Fund, and authorizes the state to annually allocate moneys into a State Community Corrections Performance Incentives Fund to be used for specified purposes relating to improving local probation supervision practices and capacities. Existing law creates the Recidivism Reduction Fund in the State Treasury to be available upon appropriation by the Legislature for activities designed to reduce the state's prison population, and authorizes funds available in the Recidivism Reduction Fund to be transferred to the State Community Corrections Performance Incentives Fund.

Existing law, upon agreement to accept funding from the Recidivism Reduction Fund, requires a county board of supervisors, in collaboration with the county's Community Corrections Partnership, to develop, administer, and collect and submit data to the Board of State and Community Corrections regarding a competitive grant program intended to fund community recidivism and crime reduction services, including, but not limited to, delinquency prevention, homelessness prevention, and reentry services. Existing law requires the funding to be allocated to counties from the Budget Act of 2014 by the State Controller's Office according to a specified allocation schedule. Existing law requires that any funds not encumbered with a

community recidivism and crime reduction service provider one year after allocation of grant funds to counties immediately revert to the state General Fund.

This bill would enact a revised schedule allocating funds to counties from the Budget Act of 2015 that would reduce each allocation by 50%. The bill would also delete the requirement that any funds not encumbered with a community recidivism and crime reduction service provider one year after allocation of grant funds to counties immediately revert to the state General Fund. The bill would require any funds in the Recidivism Reduction Fund that are not encumbered by June 30, 2016, to revert to the General Fund upon order of the Department of Justice. The bill would also abolish the Recidivism Reduction Fund once all funds encumbered in the fund are liquidated.

(14) Existing law prohibits a person from being tried or adjudged to punishment while that person is mentally incompetent. Existing law establishes a process by which a defendant's mental competency is evaluated and by which the defendant receives treatment, including, if applicable, antipsychotic medication, with the goal of returning the defendant to competency. Existing law requires that the court order the defendant to be delivered to a treatment facility, and, until January 1, 2016, defines "treatment facility" to include a county jail for these purposes. Existing law, until January 1, 2016, authorizes certain medications to be provided to a defendant in a county jail if he or she is mentally incompetent and unable to provide informed consent due to a mental disorder. Existing law, until January 1, 2016, limits to 6 months the maximum period of time a defendant may be treated in a treatment facility.

This bill would delete that January 1, 2016, repeal date, thereby extending the operation of these provisions indefinitely.

(15) If a mentally incompetent defendant is sent to a county jail for treatment, existing law requires the State Department of State Hospitals to provide treatment at the county jail treatment facility and to reimburse the county jail treatment facility for the reasonable cost of the bed during treatment.

This bill would, upon approval by the State Department of State Hospitals and an appropriation in the Budget Act, authorize the county jail treatment facility to provide restoration of competency services and would allow the department to reimburse the county for these services and the reasonable costs of any necessary medical treatment not provided within the county jail treatment facility. This bill would, if the

county jail is used as a treatment facility, require the county to provide for transportation of the defendant to the county jail treatment facility unless otherwise agreed to by the State Department of State Hospitals and the facility. This bill would require the State Department of State Hospitals and a county jail treatment facility, if found to be comparatively at fault for any claim, action, loss, or damage which results from their obligations, to indemnify the other to the extent of their comparative fault.

(16) Existing law establishes the Department of Corrections and Rehabilitation to oversee the state prison system. Existing law requires the department to develop policies related to contraband interdiction efforts for individuals entering department facilities.

This bill would require those policies to ensure visitors are informed further potential search or visitation options and to consider the use of full-body scanners. The bill would further require that the department, after 2 years of implementation of the policies it creates pursuant to this bill, conduct an evaluation of the policy.

(17) Existing law establishes the Commission on Correction Peace Officer Standards and Training (the CPOST) within the Department of Corrections and Rehabilitation. Existing law requires the executive board of the CPOST to be comprised of 6 voting members, 3 appointed by the department and 3 appointed by the Governor. Existing law requires that one of the department's appointees represent the Division of Juvenile Facilities. Existing law requires each appointing authority to appoint an alternate for each regular member it appoints, and requires the alternate to possess the same qualifications as the regular member and to substitute for, and vote in place of, the regular member whenever he or she is absent. Existing law requires the CPOST to appoint an executive director.

This bill would instead, commencing July 1, 2015, require that one of the department's appointees represent the Division of Juvenile Justice or the Division of Rehabilitative Programs within the department. The bill would instead require alternate members to possess the same qualifications as a regular member and to substitute for, and vote in place of, a regular member who was appointed by the same appointing authority whenever that regular member is absent. The bill would delete the requirement that the CPOST appoint an executive director. The bill would require the CPOST executive board to seek advice from national experts, including university and college institutions and correctional associations, on issues pertaining to adult corrections, juvenile justice,

and the training of the Department of Corrections and Rehabilitation staff that are relevant to its mission.

(18) Existing law, until January 1, 2017, allows the Department of Corrections and Rehabilitation to use a training academy established for the California City Correctional Center.

This bill would extend that provision indefinitely.

(19) Existing law requires the Department of Corrections and Rehabilitation to provide 16 weeks of training to each correctional peace officer cadet prior to his or her assignment to a post or position as a correctional peace officer. If an agreement is reached between the department and the bargaining unit for the correction peace officers, existing law allows the department, with the approval of the CPOST, to have cadets sworn in as correctional peace officers upon completion of 12 weeks of training and complete the final 4 weeks of training at the institution where the cadet is assigned to a post or position.

This bill would, commencing July 1, 2015, require the department to instead provide 480 hours of training to each correctional peace officer cadet. The bill would require the CPOST to determine the on-the-job training requirements for correctional peace officers.

(20) Existing law requires a county to establish a one-time amnesty program for fines and bail due on or before January 1, 2009, for certain infraction or misdemeanor violations of the Vehicle Code and the Penal Code. Existing law allows a person owing a fine or bail that was eligible for amnesty under this program to pay to the superior or juvenile court 50% of the total fine or bail, as defined, which is required to be accepted by the court in full satisfaction of the delinquent fine or bail. Under existing law, the amnesty program was required to accept these payments from January 1, 2012, until June 30, 2012.

This bill would require a county to establish a similar amnesty program for fines and bail initially due on or before January 1, 2013, to be conducted in accordance with guidelines adopted by the Judicial Council. The bill would require the program to accept payments between October 1, 2015, to March 31, 2017, inclusive, and would authorize a participant to receive an additional reduction in his or her repayment amount if the participant certifies, under penalty of perjury, that he or she receives specified public assistance programs or that his or her monthly income is 125% or less of the current poverty guidelines. By requiring each county to establish and operate an amnesty program, and by expanding the scope of the crime of perjury, this bill would impose a state-mandated local program. The bill would, following the

transfer to the Judicial Council of the first \$250,000 received, increase the percentage of specified penalties to be deposited in the Peace Officers' Training Fund and the Corrections Training Fund, which are continuously appropriated funds. By increasing the amount of money deposited into continuously appropriated funds, this bill would make an appropriation.

(21) Existing law requires the Department of Corrections and Rehabilitation to close the California Rehabilitation Center located in Norco, California, no later than December 31, 2016, or 6 months after the construction of 3 Level II dorm facilities, whichever is earlier. Existing law suspends this requirement pending a review by the Department of Finance and the Department of Corrections and Rehabilitation that determines the facility can be closed.

This bill would require the Department of Finance and the Department of Corrections and Rehabilitation to release a report that provides an updated comprehensive plan for the state prison system, including a permanent solution to the decaying infrastructure of the California Rehabilitation Center. The bill would require the report to be submitted with the Governor's 2016–17 Budget to the Assembly Committee on Appropriations, the Assembly Committee on Budget, the Senate Committee on Appropriations, the Senate Committee on Budget and Fiscal Review, and the Joint Legislative Budget Committee.

(22) Existing law establishes the State Department of Developmental Services and sets forth its powers and duties relating to the administration of state developmental centers. Existing law establishes the State Department of State Hospitals and sets forth its powers and duties relating to the administration of state hospitals. Existing law establishes the Office of Law Enforcement Support within the California Health and Human Services Agency for the purpose of improving and providing oversight of various law enforcement activities within the State Department of Developmental Services and the State Department of State Hospitals.

This bill would require the Office of Law Enforcement Support to investigate specified incidents at a developmental center or state hospital, including any incident that involves developmental center or state hospital law enforcement personnel and that meets certain criteria. The bill would also provide that the Office of Law Enforcement Support be responsible for contemporaneous oversight of specified investigations by the State Department of State Hospitals and the State Department

of Developmental Service. The bill would require reports written upon completion of that review to be confidential.

The bill would require the Office of Law Enforcement Support to issue regular reports, no less than semiannually, summarizing the investigations it conducted and its oversight of investigations, as specified.

Existing constitutional provisions require that a statute that limits the right of access to the meetings of public bodies or the writings of public officials and agencies be adopted with findings demonstrating the interest protected by the limitation and the need for protecting that interest.

This bill would make legislative findings to that effect.

(23) Existing law generally requires the nontreatment costs of trials and hearings related to persons confined in a state hospital to be paid by the state to the county where the trial or hearing was had, except that existing law requires the county of commitment to pay these costs if the hearing is for an order seeking the involuntary treatment with psychotropic medication of a person confined in a state hospital as a condition of parole who is subject to an order for continued treatment beyond his or her period of parole.

This bill would additionally require the county of commitment to pay the county where the proceeding is held for the nontreatment costs associated with any hearing for an order seeking involuntary treatment with psychotropic medication of a person confined in a state hospital after being found not guilty by reason of insanity.

(24) Existing law establishes state hospitals for the care, treatment, and education of mentally disordered persons, which are under the jurisdiction of the State Department of State Hospitals. Commencing July 1, 2015, and subject to available funding, existing law authorizes the department to establish and maintain pilot enhanced treatment programs (ETPs), for the treatment of patients who are at high risk of most dangerous behavior, and when safe treatment is not possible in a standard treatment environment.

This bill would require the department, at least 60 days prior to implementing an ETP, to submit written draft policies and procedures that will guide the operation of the ETP, including, but not limited to, admittance criteria, staffing levels, services to be provided to patients, a transition planning process, and training requirements to the appropriate policy committees of the Legislature and to the Joint Legislative Budget Committee.

(25) Existing law, in the Budget Act of 2014, appropriates \$15,000,000 for the establishment or ongoing operation and staffing of programs known to reduce recidivism and enhance public safety by means of a competitive grant program developed and administered by the Judicial Council. Existing law, the Budget Act of 2014, authorizes these funds to be expended until June 30, 2017, after which any unexpended funds revert to the General Fund.

This bill would allow these funds to be encumbered, in addition to being expended, until June 30, 2017, thereby making an appropriation.

(26) Existing law, in the Budget Act of 2014, appropriates \$28,000,000 for local assistance to the Board of State and Community Corrections.

This bill would reappropriate these funds for the purposes specified in the above appropriation and make the funds available for encumbrance or expenditure until June 30, 2016, except that the bill would make the balance of a \$900,000 appropriation to administer the mentally ill offender crime reduction grant available for encumbrance or expenditure until June 30, 2017, thereby making an appropriation.

(27) Existing constitutional provisions require that a statute that limits the right of access to the meetings of public bodies or the writings of public officials and agencies be adopted with findings demonstrating the interest protected by the limitation and the need for protecting that interest.

This bill would make legislative findings to that effect.

(28) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.

With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

(29) This bill would declare that it is to take effect immediately as a bill providing for appropriations related to the Budget Bill.

~~This bill would express the intent of the Legislature to enact statutory changes relating to the Budget Act of 2015.~~

Vote: majority. Appropriation: ~~no~~-yes. Fiscal committee: ~~no~~ yes. State-mandated local program: ~~no~~-yes.

18 of adult felony probationers sent to prison, or to jail pursuant to
19 paragraph (5) of subdivision (h) of Section 1170, *state prison* from
20 that county, as a percentage of the county's average adult felony

36 period. (c) for that year and the county's probation failure rate
37 from the previous year.

38 (e) ~~Beginning with the 2013 calendar year, in~~ In calculating

13 The statewide mandatory supervision failure to prison rate shall
14 be calculated as the total number of offenders supervised under
15 mandatory supervision pursuant to subparagraph (B) of paragraph
16 (5) of subdivision (h) of Section 1170, statewide, sent to prison in
17 the previous calendar year as a percentage of the average statewide
18 mandatory supervision population for that year.

19 (g) A mandatory supervision failure to prison rate for each
20 county. Each county's mandatory supervision failure to prison rate
21 shall be calculated as the number of offenders supervised under
22 mandatory supervision pursuant to subparagraph (B) of paragraph
23 (5) of subdivision (h) of Section 1170 sent to prison from that
24 county in the previous calendar year as a percentage of the county's
25 average mandatory supervision population for that year.

26 (h) *An estimate of the number of felons on mandatory*
27 *supervision each county successfully prevented from being*
28 *incarcerated in state prison. For each county, this estimate shall*
29 *be calculated based on the reduction in the county's mandatory*

34 (i) The statewide postrelease community supervision failure to
35 prison rate. The statewide postrelease community supervision
36 failure to prison rate shall be calculated as the total number of
37 offenders supervised under postrelease community supervision
38 pursuant to Title 2.05 (commencing with Section 3450) of Part 3,
39 statewide, sent to prison in the previous calendar year as a

percentage of the average statewide postrelease community supervision population for that year.

(i)

(j) A postrelease community supervision failure to prison rate for each county. Each county's postrelease community supervision failure to prison rate shall be calculated as the number of offenders supervised under postrelease community supervision pursuant to Title 2.05 (commencing with Section 3450) of Part 3 sent to prison from that county in the previous calendar year as a percentage of the county's average postrelease community supervision population for that year.

~~(j) This section shall become operative on July 1, 2014.~~

For each county, this estimate shall be calculated based on the reduction in the county's postrelease community supervision failure to prison rate as calculated annually pursuant to subdivision (i) for that year and the county's postrelease community supervision failure to prison rate from the previous year.*

(l) *The statewide return to prison rate. The statewide return to prison rate shall be calculated as the total number of offenders supervised by probation departments as felony probationers, or subject to mandatory supervision pursuant to subdivision (h) of Section 1170, or subject to postrelease community supervision, who were sent to prison, as a percentage of the average statewide adult felony probation, mandatory supervision, and postrelease community supervision population.*

16 *SEC. 29. Section 1369.1 of the Penal Code is amended to read:*

17 1369.1. (a) As used in this chapter, "treatment facility"
18 includes a county jail. Upon the concurrence of the county board
19 of supervisors, the county mental health director, and the county
20 sheriff, the jail may be designated to provide medically approved
21 medication to defendants found to be mentally incompetent and
22 unable to provide informed consent due to a mental disorder,
23 pursuant to this chapter. In the case of Madera, Napa, and Santa
24 Clara Counties, the concurrence shall be with the board of
25 supervisors, the county mental health director, and the county
26 sheriff or the chief of corrections. The provisions of Sections 1370,
27 1370.01, and 1370.02 shall apply to antipsychotic medications
28 provided in a county jail, provided, however, that the maximum
29 period of time a defendant may be treated in a treatment facility
30 pursuant to this section shall not exceed six months.

31 (b) This section does not abrogate or limit any law enacted to
32 ensure the due process rights set forth in *Sell v. United States*
33 (2003) 539 U.S. 166.

34 ~~(c) This section shall remain in effect only until January 1, 2016,~~
35 ~~and as of that date is repealed, unless a later enacted statute, that~~
36 ~~is enacted before January 1, 2016, deletes or extends that date.~~

37 *SEC. 30. Section 1370 of the Penal Code is amended to read:*

38 1370. (a) (1) (A) If the defendant is found mentally
39 competent, the criminal process shall resume, the trial on the

1 offense charged or hearing on the alleged violation shall proceed,
2 and judgment may be pronounced.

3 (B) If the defendant is found mentally incompetent, the trial,
4 the hearing on the alleged violation, or the judgment shall be
5 suspended until the person becomes mentally competent.

6 (i) In the meantime, the court shall order that the mentally
7 incompetent defendant be delivered by the sheriff to a state hospital
8 for the care and treatment of the mentally disordered, as directed
9 by the State Department of State Hospitals, or to any other available
10 public or private treatment facility, including a ~~local~~ county jail
11 treatment facility or the community-based residential treatment
12 system established pursuant to Article 1 (commencing with Section
13 5670) of Chapter 2.5 of Part 2 of Division 5 of the Welfare and
14 Institutions Code if the facility has a secured perimeter or a locked
15 and controlled treatment facility, approved by the community
16 program director that will promote the defendant's speedy
17 restoration to mental competence, or placed on outpatient status
18 as specified in Section 1600.

19 (ii) However, if the action against the defendant who has been
20 found mentally incompetent is on a complaint charging a felony
21 offense specified in Section 290, the prosecutor shall determine
22 whether the defendant previously has been found mentally
23 incompetent to stand trial pursuant to this chapter on a charge of
24 a Section 290 offense, or whether the defendant is currently the
25 subject of a pending Section 1368 proceeding arising out of a
26 charge of a Section 290 offense. If either determination is made,
27 the prosecutor shall so notify the court and defendant in writing.
28 After this notification, and opportunity for hearing, the court shall
29 order that the defendant be delivered by the sheriff to a state
30 hospital, as directed by the State Department of State Hospitals,
31 or other secure treatment facility for the care and treatment of the
32 mentally disordered unless the court makes specific findings on
33 the record that an alternative placement would provide more
34 appropriate treatment for the defendant and would not pose a
35 danger to the health and safety of others.

36 (iii) If the action against the defendant who has been found
37 mentally incompetent is on a complaint charging a felony offense
38 specified in Section 290 and the defendant has been denied bail
39 pursuant to subdivision (b) of Section 12 of Article I of the
40 California Constitution because the court has found, based upon

1 clear and convincing evidence, a substantial likelihood that the
2 person's release would result in great bodily harm to others, the
3 court shall order that the defendant be delivered by the sheriff to
4 a state hospital for the care and treatment of the mentally
5 disordered, as directed by the State Department of State Hospitals,
6 unless the court makes specific findings on the record that an
7 alternative placement would provide more appropriate treatment
8 for the defendant and would not pose a danger to the health and
9 safety of others.

10 (iv) The clerk of the court shall notify the Department of Justice
11 in writing of any finding of mental incompetence with respect to
12 a defendant who is subject to clause (ii) or (iii) for inclusion in his
13 or her state summary criminal history information.

14 (C) Upon the filing of a certificate of restoration to competence,
15 the court shall order that the defendant be returned to court in
16 accordance with Section 1372. The court shall transmit a copy of
17 its order to the community program director or a designee.

18 (D) A defendant charged with a violent felony may not be
19 delivered to a state hospital or treatment facility pursuant to this
20 subdivision unless the state hospital or treatment facility has a
21 secured perimeter or a locked and controlled treatment facility,
22 and the judge determines that the public safety will be protected.

23 (E) For purposes of this paragraph, "violent felony" means an
24 offense specified in subdivision (c) of Section 667.5.

25 (F) A defendant charged with a violent felony may be placed
26 on outpatient status, as specified in Section 1600, only if the court
27 finds that the placement will not pose a danger to the health or
28 safety of others. If the court places a defendant charged with a
29 violent felony on outpatient status, as specified in Section 1600,
30 the court shall serve copies of the placement order on defense
31 counsel, the sheriff in the county where the defendant will be
32 placed, and the district attorney for the county in which the violent
33 felony charges are pending against the defendant.

34 (2) Prior to making the order directing that the defendant be
35 committed to the State Department of State Hospitals or other
36 treatment facility or placed on outpatient status, the court shall
37 proceed as follows:

38 (A) The court shall order the community program director or a
39 designee to evaluate the defendant and to submit to the court within
40 15 judicial days of the order a written recommendation as to

1 whether the defendant should be required to undergo outpatient
2 treatment, or be committed to the State Department of State
3 Hospitals or to any other treatment facility. A person shall not be
4 admitted to a state hospital or other treatment facility or placed on
5 outpatient status under this section without having been evaluated
6 by the community program director or a designee. The community
7 program director or designee shall evaluate the appropriate
8 placement for the defendant between the State Department of State
9 Hospitals, a ~~local~~ county jail treatment facility, or the
10 community-based residential treatment system based upon
11 guidelines provided by the State Department of State Hospitals.
12 ~~If a local county jail treatment facility is selected, the State~~
13 ~~Department of State Hospitals shall provide treatment at the county~~
14 ~~jail treatment facility and reimburse the county jail treatment~~
15 ~~facility for the reasonable costs of the bed during the treatment. If~~
16 ~~the community-based residential treatment system is selected, the~~
17 ~~State Department of State Hospitals shall provide reimbursement~~
18 ~~to the community-based residential treatment system for the cost~~
19 ~~of treatment as negotiated with the State Department of State~~
20 ~~Hospitals. The six-month limitation in Section 1369.1 shall not~~
21 ~~apply to individuals deemed incompetent to stand trial who are~~
22 ~~being treated to restore competency within a county jail treatment~~
23 ~~facility pursuant to this section.~~

24 (B) The court shall hear and determine whether the defendant
25 lacks capacity to make decisions regarding the administration of
26 antipsychotic medication. The court shall consider opinions in the
27 reports prepared pursuant to subdivision (a) of Section 1369, as
28 applicable to the issue of whether the defendant lacks capacity to
29 make decisions regarding the administration of antipsychotic
30 medication, and shall proceed as follows:

31 (i) The court shall hear and determine whether any of the
32 following is true:

33 (I) The defendant lacks capacity to make decisions regarding
34 antipsychotic medication, the defendant's mental disorder requires
35 medical treatment with antipsychotic medication, and, if the
36 defendant's mental disorder is not treated with antipsychotic
37 medication, it is probable that serious harm to the physical or
38 mental health of the patient will result. Probability of serious harm
39 to the physical or mental health of the defendant requires evidence
40 that the defendant is presently suffering adverse effects to his or

1 her physical or mental health, or the defendant has previously
2 suffered these effects as a result of a mental disorder and his or
3 her condition is substantially deteriorating. The fact that a
4 defendant has a diagnosis of a mental disorder does not alone
5 establish probability of serious harm to the physical or mental
6 health of the defendant.

7 (II) The defendant is a danger to others, in that the defendant
8 has inflicted, attempted to inflict, or made a serious threat of
9 inflicting substantial physical harm on another while in custody,
10 or the defendant had inflicted, attempted to inflict, or made a
11 serious threat of inflicting substantial physical harm on another
12 that resulted in his or her being taken into custody, and the
13 defendant presents, as a result of mental disorder or mental defect,
14 a demonstrated danger of inflicting substantial physical harm on
15 others. Demonstrated danger may be based on an assessment of
16 the defendant's present mental condition, including a consideration
17 of past behavior of the defendant within six years prior to the time
18 the defendant last attempted to inflict, inflicted, or threatened to
19 inflict substantial physical harm on another, and other relevant
20 evidence.

21 (III) The people have charged the defendant with a serious crime
22 against the person or property, involuntary administration of
23 antipsychotic medication is substantially likely to render the
24 defendant competent to stand trial, the medication is unlikely to
25 have side effects that interfere with the defendant's ability to
26 understand the nature of the criminal proceedings or to assist
27 counsel in the conduct of a defense in a reasonable manner, less
28 intrusive treatments are unlikely to have substantially the same
29 results, and antipsychotic medication is in the patient's best medical
30 interest in light of his or her medical condition.

31 (ii) If the court finds any of the conditions described in clause
32 (i) to be true, the court shall issue an order authorizing involuntary
33 administration of antipsychotic medication to the defendant when
34 and as prescribed by the defendant's treating psychiatrist at any
35 facility housing the defendant for purposes of this chapter. The
36 order shall be valid for no more than one year, pursuant to
37 subparagraph (A) of paragraph (7). The court shall not order
38 involuntary administration of psychotropic medication under
39 subclause (III) of clause (i) unless the court has first found that the
40 defendant does not meet the criteria for involuntary administration

1 of psychotropic medication under subclause (I) of clause (i) and
2 does not meet the criteria under subclause (II) of clause (i).

3 (iii) In all cases, the treating hospital, facility, or program may
4 administer medically appropriate antipsychotic medication
5 prescribed by a psychiatrist in an emergency as described in
6 subdivision (m) of Section 5008 of the Welfare and Institutions
7 Code.

8 (iv) If the court has determined that the defendant has the
9 capacity to make decisions regarding antipsychotic medication,
10 and if the defendant, with advice of his or her counsel, consents,
11 the court order of commitment shall include confirmation that
12 antipsychotic medication may be given to the defendant as
13 prescribed by a treating psychiatrist pursuant to the defendant's
14 consent. The commitment order shall also indicate that, if the
15 defendant withdraws consent for antipsychotic medication, after
16 the treating psychiatrist complies with the provisions of
17 subparagraph (C), the defendant shall be returned to court for a
18 hearing in accordance with subparagraphs (C) and (D) regarding
19 whether antipsychotic medication shall be administered
20 involuntarily.

21 (v) If the court has determined that the defendant has the
22 capacity to make decisions regarding antipsychotic medication
23 and if the defendant, with advice from his or her counsel, does not
24 consent, the court order for commitment shall indicate that, after
25 the treating psychiatrist complies with the provisions of
26 subparagraph (C), the defendant shall be returned to court for a
27 hearing in accordance with subparagraphs (C) and (D) regarding
28 whether antipsychotic medication shall be administered
29 involuntarily.

30 (vi) Any report made pursuant to paragraph (1) of subdivision
31 (b) shall include a description of any antipsychotic medication
32 administered to the defendant and its effects and side effects,
33 including effects on the defendant's appearance or behavior that
34 would affect the defendant's ability to understand the nature of
35 the criminal proceedings or to assist counsel in the conduct of a
36 defense in a reasonable manner. During the time the defendant is
37 confined in a state hospital or other treatment facility or placed on
38 outpatient status, either the defendant or the people may request
39 that the court review any order made pursuant to this subdivision.
40 The defendant, to the same extent enjoyed by other patients in the

1 state hospital or other treatment facility, shall have the right to
2 contact the patients' rights advocate regarding his or her rights
3 under this section.

4 (C) If the defendant consented to antipsychotic medication as
5 described in clause (iv) of subparagraph (B), but subsequently
6 withdraws his or her consent, or, if involuntary antipsychotic
7 medication was not ordered pursuant to clause (v) of subparagraph
8 (B), and the treating psychiatrist determines that antipsychotic
9 medication has become medically necessary and appropriate, the
10 treating psychiatrist shall make efforts to obtain informed consent
11 from the defendant for antipsychotic medication. If informed
12 consent is not obtained from the defendant, and the treating
13 psychiatrist is of the opinion that the defendant lacks capacity to
14 make decisions regarding antipsychotic medication based on the
15 conditions described in subclause (I) or (II) of clause (i) of
16 subparagraph (B), the treating psychiatrist shall certify whether
17 the lack of capacity and any applicable conditions described above
18 exist. That certification shall contain an assessment of the current
19 mental status of the defendant and the opinion of the treating
20 psychiatrist that involuntary antipsychotic medication has become
21 medically necessary and appropriate.

22 (D) (i) If the treating psychiatrist certifies that antipsychotic
23 medication has become medically necessary and appropriate
24 pursuant to subparagraph (C), antipsychotic medication may be
25 administered to the defendant for not more than 21 days, provided,
26 however, that, within 72 hours of the certification, the defendant
27 is provided a medication review hearing before an administrative
28 law judge to be conducted at the facility where the defendant is
29 receiving treatment. The treating psychiatrist shall present the case
30 for the certification for involuntary treatment and the defendant
31 shall be represented by an attorney or a patients' rights advocate.
32 The attorney or patients' rights advocate shall be appointed to meet
33 with the defendant no later than one day prior to the medication
34 review hearing to review the defendant's rights at the medication
35 review hearing, discuss the process, answer questions or concerns
36 regarding involuntary medication or the hearing, assist the
37 defendant in preparing for the hearing and advocating for his or
38 her interests at the hearing, review the panel's final determination
39 following the hearing, advise the defendant of his or her right to
40 judicial review of the panel's decision, and provide the defendant

1 with referral information for legal advice on the subject. The
2 defendant shall also have the following rights with respect to the
3 medication review hearing:

4 (I) To be given timely access to the defendant's records.

5 (II) To be present at the hearing, unless the defendant waives
6 that right.

7 (III) To present evidence at the hearing.

8 (IV) To question persons presenting evidence supporting
9 involuntary medication.

10 (V) To make reasonable requests for attendance of witnesses
11 on the defendant's behalf.

12 (VI) To a hearing conducted in an impartial and informal
13 manner.

14 (ii) If the administrative law judge determines that the defendant
15 either meets the criteria specified in subclause (I) of clause (i) of
16 subparagraph (B), or meets the criteria specified in subclause (II)
17 of clause (i) of subparagraph (B), then antipsychotic medication
18 may continue to be administered to the defendant for the 21-day
19 certification period. Concurrently with the treating psychiatrist's
20 certification, the treating psychiatrist shall file a copy of the
21 certification and a petition with the court for issuance of an order
22 to administer antipsychotic medication beyond the 21-day
23 certification period. For purposes of this subparagraph, the treating
24 psychiatrist shall not be required to pay or deposit any fee for the
25 filing of the petition or other document or paper related to the
26 petition.

27 (iii) If the administrative law judge disagrees with the
28 certification, medication may not be administered involuntarily
29 until the court determines that antipsychotic medication should be
30 administered pursuant to this section.

31 (iv) The court shall provide notice to the prosecuting attorney
32 and to the attorney representing the defendant, and shall hold a
33 hearing, no later than 18 days from the date of the certification, to
34 determine whether antipsychotic medication should be ordered
35 beyond the certification period.

36 (v) If, as a result of the hearing, the court determines that
37 antipsychotic medication should be administered beyond the
38 certification period, the court shall issue an order authorizing the
39 administration of that medication.

1 (vi) The court shall render its decision on the petition and issue
2 its order no later than three calendar days after the hearing and, in
3 any event, no later than the expiration of the 21-day certification
4 period.

5 (vii) If the administrative law judge upholds the certification
6 pursuant to clause (ii), the court may, for a period not to exceed
7 14 days, extend the certification and continue the hearing pursuant
8 to stipulation between the parties or upon a finding of good cause.
9 In determining good cause, the court may review the petition filed
10 with the court, the administrative law judge's order, and any
11 additional testimony needed by the court to determine if it is
12 appropriate to continue medication beyond the 21-day certification
13 and for a period of up to 14 days.

14 (viii) The district attorney, county counsel, or representative of
15 any facility where a defendant found incompetent to stand trial is
16 committed may petition the court for an order to administer
17 involuntary medication pursuant to the criteria set forth in
18 subclauses (II) and (III) of clause (i) of subparagraph (B). The
19 order is reviewable as provided in paragraph (7).

20 (3) When the court orders that the defendant be committed to
21 the State Department of State Hospitals or other public or private
22 treatment facility, the court shall provide copies of the following
23 documents prior to the admission of the defendant to the State
24 Department of State Hospitals or other treatment facility where
25 the defendant is to be committed:

26 (A) The commitment order, including a specification of the
27 charges.

28 (B) A computation or statement setting forth the maximum term
29 of commitment in accordance with subdivision (c).

30 (C) A computation or statement setting forth the amount of
31 credit for time served, if any, to be deducted from the maximum
32 term of commitment.

33 (D) State summary criminal history information.

34 (E) Any arrest reports prepared by the police department or
35 other law enforcement agency.

36 (F) Any court-ordered psychiatric examination or evaluation
37 reports.

38 (G) The community program director's placement
39 recommendation report.

1 (H) Records of any finding of mental incompetence pursuant
2 to this chapter arising out of a complaint charging a felony offense
3 specified in Section 290 or any pending Section 1368 proceeding
4 arising out of a charge of a Section 290 offense.

5 (I) Any medical records.

6 (4) When the defendant is committed to a treatment facility
7 pursuant to clause (i) of subparagraph (B) of paragraph (1) or the
8 court makes the findings specified in clause (ii) or (iii) of
9 subparagraph (B) of paragraph (1) to assign the defendant to a
10 treatment facility other than a state hospital or other secure
11 treatment facility, the court shall order that notice be given to the
12 appropriate law enforcement agency or agencies having local
13 jurisdiction at the site of the placement facility of any finding of
14 mental incompetence pursuant to this chapter arising out of a
15 charge of a Section 290 offense.

16 (5) When directing that the defendant be confined in a state
17 hospital pursuant to this subdivision, the court shall commit the
18 patient to the State Department of State Hospitals.

19 (6) (A) If the defendant is committed or transferred to the State
20 Department of State Hospitals pursuant to this section, the court
21 may, upon receiving the written recommendation of the medical
22 director of the state hospital and the community program director
23 that the defendant be transferred to a public or private treatment
24 facility approved by the community program director, order the
25 defendant transferred to that facility. If the defendant is committed
26 or transferred to a public or private treatment facility approved by
27 the community program director, the court may, upon receiving
28 the written recommendation of the community program director,
29 transfer the defendant to the State Department of State Hospitals
30 or to another public or private treatment facility approved by the
31 community program director. In the event of dismissal of the
32 criminal charges before the defendant recovers competence, the
33 person shall be subject to the applicable provisions of the
34 Lanterman-Petris-Short Act (Part 1 (commencing with Section
35 5000) of Division 5 of the Welfare and Institutions Code). If either
36 the defendant or the prosecutor chooses to contest either kind of
37 order of transfer, a petition may be filed in the court for a hearing,
38 which shall be held if the court determines that sufficient grounds
39 exist. At the hearing, the prosecuting attorney or the defendant
40 may present evidence bearing on the order of transfer. The court

1 shall use the same standards as are used in conducting probation
2 revocation hearings pursuant to Section 1203.2.

3 Prior to making an order for transfer under this section, the court
4 shall notify the defendant, the attorney of record for the defendant,
5 the prosecuting attorney, and the community program director or
6 a designee.

7 (B) If the defendant is initially committed to the State
8 Department of State Hospitals or secure treatment facility pursuant
9 to clause (ii) or (iii) of subparagraph (B) of paragraph (1) and is
10 subsequently transferred to any other facility, copies of the
11 documents specified in paragraph (3) shall be taken with the
12 defendant to each subsequent facility to which the defendant is
13 transferred. The transferring facility shall also notify the appropriate
14 law enforcement agency or agencies having local jurisdiction at
15 the site of the new facility that the defendant is a person subject
16 to clause (ii) or (iii) of subparagraph (B) of paragraph (1).

17 (7) (A) An order by the court authorizing involuntary
18 medication of the defendant shall be valid for no more than one
19 year. The court shall review the order at the time of the review of
20 the initial report and the six-month progress reports pursuant to
21 paragraph (1) of subdivision (b) to determine if the grounds for
22 the authorization remain. In the review, the court shall consider
23 the reports of the treating psychiatrist or psychiatrists and the
24 defendant's patients' rights advocate or attorney. The court may
25 require testimony from the treating psychiatrist or psychiatrists
26 and the patients' rights advocate or attorney, if necessary. The
27 court may continue the order authorizing involuntary medication
28 for up to another six months, or vacate the order, or make any other
29 appropriate order.

30 (B) Within 60 days before the expiration of the one-year
31 involuntary medication order, the district attorney, county counsel,
32 or representative of any facility where a defendant found
33 incompetent to stand trial is committed may petition the committing
34 court for a renewal, subject to the same conditions and
35 requirements as in subparagraph (A). The petition shall include
36 the basis for involuntary medication set forth in clause (i) of
37 subparagraph (B) of paragraph (2). Notice of the petition shall be
38 provided to the defendant, the defendant's attorney, and the district
39 attorney. The court shall hear and determine whether the defendant
40 continues to meet the criteria set forth in clause (i) of subparagraph

1 (B) of paragraph (2). The hearing on any petition to renew an order
2 for involuntary medication shall be conducted prior to the
3 expiration of the current order.

4 (b) (1) Within 90 days of a commitment made pursuant to
5 subdivision (a), the medical director of the state hospital or other
6 treatment facility to which the defendant is confined shall make a
7 written report to the court and the community program director
8 for the county or region of commitment, or a designee, concerning
9 the defendant's progress toward recovery of mental competence
10 and whether the administration of antipsychotic medication remains
11 necessary. If the defendant is on outpatient status, the outpatient
12 treatment staff shall make a written report to the community
13 program director concerning the defendant's progress toward
14 recovery of mental competence. Within 90 days of placement on
15 outpatient status, the community program director shall report to
16 the court on this matter. If the defendant has not recovered mental
17 competence, but the report discloses a substantial likelihood that
18 the defendant will regain mental competence in the foreseeable
19 future, the defendant shall remain in the state hospital or other
20 treatment facility or on outpatient status. Thereafter, at six-month
21 intervals or until the defendant becomes mentally competent, if
22 the defendant is confined in a treatment facility, the medical
23 director of the hospital or person in charge of the facility shall
24 report in writing to the court and the community program director
25 or a designee regarding the defendant's progress toward recovery
26 of mental competence and whether the administration of
27 antipsychotic medication remains necessary. If the defendant is
28 on outpatient status, after the initial 90-day report, the outpatient
29 treatment staff shall report to the community program director on
30 the defendant's progress toward recovery, and the community
31 program director shall report to the court on this matter at
32 six-month intervals. A copy of these reports shall be provided to
33 the prosecutor and defense counsel by the court.

34 (A) If the report indicates that there is no substantial likelihood
35 that the defendant will regain mental competence in the foreseeable
36 future, the committing court shall order the defendant to be returned
37 to the court for proceedings pursuant to paragraph (2) of
38 subdivision (c) no later than 10 days following receipt of the report.
39 The court shall transmit a copy of its order to the community
40 program director or a designee.

1 (B) If the report indicates that there is no substantial likelihood
2 that the defendant will regain mental competence in the foreseeable
3 future, the medical director of the state hospital or other treatment
4 facility to which the defendant is confined shall do both of the
5 following:

6 (i) Promptly notify and provide a copy of the report to the
7 defense counsel and the district attorney.

8 (ii) Provide a separate notification, in compliance with
9 applicable privacy laws, to the committing county's sheriff that
10 transportation will be needed for the patient.

11 (2) If the court has issued an order authorizing the treating
12 facility to involuntarily administer antipsychotic medication to the
13 defendant, the reports made pursuant to paragraph (1) concerning
14 the defendant's progress toward regaining competency shall also
15 consider the issue of involuntary medication. Each report shall
16 include, but is not limited to, all the following:

17 (A) Whether or not the defendant has the capacity to make
18 decisions concerning antipsychotic medication.

19 (B) If the defendant lacks capacity to make decisions concerning
20 antipsychotic medication, whether the defendant risks serious harm
21 to his or her physical or mental health if not treated with
22 antipsychotic medication.

23 (C) Whether or not the defendant presents a danger to others if
24 he or she is not treated with antipsychotic medication.

25 (D) Whether the defendant has a mental illness for which
26 medications are the only effective treatment.

27 (E) Whether there are any side effects from the medication
28 currently being experienced by the defendant that would interfere
29 with the defendant's ability to collaborate with counsel.

30 (F) Whether there are any effective alternatives to medication.

31 (G) How quickly the medication is likely to bring the defendant
32 to competency.

33 (H) Whether the treatment plan includes methods other than
34 medication to restore the defendant to competency.

35 (I) A statement, if applicable, that no medication is likely to
36 restore the defendant to competency.

37 (3) After reviewing the reports, the court shall determine whether
38 or not grounds for the order authorizing involuntary administration
39 of antipsychotic medication still exist and shall do one of the
40 following:

1 (A) If the original grounds for involuntary medication still exist,
2 the order authorizing the treating facility to involuntarily administer
3 antipsychotic medication to the defendant shall remain in effect.

4 (B) If the original grounds for involuntary medication no longer
5 exist, and there is no other basis for involuntary administration of
6 antipsychotic medication, the order for the involuntary
7 administration of antipsychotic medication shall be vacated.

8 (C) If the original grounds for involuntary medication no longer
9 exist, and the report states that there is another basis for involuntary
10 administration of antipsychotic medication, the court shall set a
11 hearing within 21 days to determine whether the order for the
12 involuntary administration of antipsychotic medication shall be
13 vacated or whether a new order for the involuntary administration
14 of antipsychotic medication shall be issued. The hearing shall
15 proceed as set forth in subparagraph (B) of paragraph (2) of
16 subdivision (a).

17 (4) Any defendant who has been committed or has been on
18 outpatient status for 18 months and is still hospitalized or on
19 outpatient status shall be returned to the committing court where
20 a hearing shall be held pursuant to the procedures set forth in
21 Section 1369. The court shall transmit a copy of its order to the
22 community program director or a designee.

23 (5) If it is determined by the court that no treatment for the
24 defendant's mental impairment is being conducted, the defendant
25 shall be returned to the committing court. The court shall transmit
26 a copy of its order to the community program director or a
27 designee.

28 (6) At each review by the court specified in this subdivision,
29 the court shall determine if the security level of housing and
30 treatment is appropriate and may make an order in accordance
31 with its determination. If the court determines that the defendant
32 shall continue to be treated in the state hospital or on an outpatient
33 basis, the court shall determine issues concerning administration
34 of antipsychotic medication, as set forth in subparagraph (B) of
35 paragraph (2) of subdivision (a).

36 (c) (1) At the end of three years from the date of commitment
37 or a period of commitment equal to the maximum term of
38 imprisonment provided by law for the most serious offense charged
39 in the information, indictment, or misdemeanor complaint, or the
40 maximum term of imprisonment provided by law for a violation

1 of probation or mandatory supervision, whichever is shorter, but
2 no later than 90 days prior to the expiration of the defendant's term
3 of commitment, a defendant who has not recovered mental
4 competence shall be returned to the committing court. The court
5 shall notify the community program director or a designee of the
6 return and of any resulting court orders.

7 (2) Whenever any defendant is returned to the court pursuant
8 to paragraph (1) or (4) of subdivision (b) or paragraph (1) of this
9 subdivision and it appears to the court that the defendant is gravely
10 disabled, as defined in subparagraph (B) of paragraph (1) of
11 subdivision (h) of Section 5008 of the Welfare and Institutions
12 Code, the court shall order the conservatorship investigator of the
13 county of commitment of the defendant to initiate conservatorship
14 proceedings for the defendant pursuant to Chapter 3 (commencing
15 with Section 5350) of Part 1 of Division 5 of the Welfare and
16 Institutions Code. Any hearings required in the conservatorship
17 proceedings shall be held in the superior court in the county that
18 ordered the commitment. The court shall transmit a copy of the
19 order directing initiation of conservatorship proceedings to the
20 community program director or a designee, the sheriff and the
21 district attorney of the county in which criminal charges are
22 pending, and the defendant's counsel of record. The court shall
23 notify the community program director or a designee, the sheriff
24 and district attorney of the county in which criminal charges are
25 pending, and the defendant's counsel of record of the outcome of
26 the conservatorship proceedings.

27 (3) If a change in placement is proposed for a defendant who
28 is committed pursuant to subparagraph (B) of paragraph (1) of
29 subdivision (h) of Section 5008 of the Welfare and Institutions
30 Code, the court shall provide notice and an opportunity to be heard
31 with respect to the proposed placement of the defendant to the
32 sheriff and the district attorney of the county in which the criminal
33 charges or revocation proceedings are pending.

34 (4) If the defendant is confined in a treatment facility, a copy
35 of any report to the committing court regarding the defendant's
36 progress toward recovery of mental competence shall be provided
37 by the committing court to the prosecutor and to the defense
38 counsel.

39 (d) With the exception of proceedings alleging a violation of
40 mandatory supervision, the criminal action remains subject to

1 dismissal pursuant to Section 1385. If the criminal action is
2 dismissed, the court shall transmit a copy of the order of dismissal
3 to the community program director or a designee. In a proceeding
4 alleging a violation of mandatory supervision, if the person is not
5 placed under a conservatorship as described in paragraph (2) of
6 subdivision (c), or if a conservatorship is terminated, the court
7 shall reinstate mandatory supervision and may modify the terms
8 and conditions of supervision to include appropriate mental health
9 treatment or refer the matter to a local mental health court, reentry
10 court, or other collaborative justice court available for improving
11 the mental health of the defendant.

12 (e) If the criminal action against the defendant is dismissed, the
13 defendant shall be released from any commitment ordered under
14 this section, but without prejudice to the initiation of any
15 proceedings that may be appropriate under the
16 Lanterman-Petris-Short Act (Part 1 (commencing with Section
17 5000) of Division 5 of the Welfare and Institutions Code).

18 (f) As used in this chapter, “community program director” means
19 the person, agency, or entity designated by the State Department
20 of State Hospitals pursuant to Section 1605 of this code and Section
21 4360 of the Welfare and Institutions Code.

22 (g) For the purpose of this section, “secure treatment facility”
23 shall not include, except for state mental hospitals, state
24 developmental centers, and correctional treatment facilities, any
25 facility licensed pursuant to Chapter 2 (commencing with Section
26 1250) of, Chapter 3 (commencing with Section 1500) of, or Chapter
27 3.2 (commencing with Section 1569) of, Division 2 of the Health
28 and Safety Code, or any community board and care facility.

29 (h) Nothing in this section shall preclude a defendant from filing
30 a petition for habeas corpus to challenge the continuing validity
31 of an order authorizing a treatment facility or outpatient program
